Docket No. 98-N-1265  
Food and Drug Administration  
5600 Fishers Lane Room 1061  
Rockville, MD 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "in-state amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: I not only work for an office that utilizes  
these products from <sup>compounding pharmacies</sup> manufacturers' out-of-state, but  
have used and experienced better health as a result of  
them as a patient as well. I think it is wrong to  
deprive our patient population of much needed therapies  
due to governmental intervention & regulations they  
should have no bearing on.
